# **Practice Policies**

Thank you for choosing Premier Pain Centers. We are committed to the treatment of your condition. In order to provide your care, we require both treatment and financial compliance with our policies. Your clear understanding of our policies is important to our professional relationship.

We will bill your primary insurance company directly if a copy of both sides of your insurance card is provided at the time of service as well as required demographic information necessary to file your claim. If you fail to provide the necessary demographic information to file your claim, you will be responsible for payment in full at the time of service. You are required to notify us when any demographic information changes. You are required to provide a copy of your insurance card if your coverage changes. If payment is not received from your insurance company in 60 days, you will be expected to assist in the resolution of the open claim. If the claim continues to be unpaid after 120 days, we reserve the right to bill you directly. It is in your best interest to ensure that the correct insurance information is provided at the time of service.

If you have HMO coverage, it is your responsibility to obtain the necessary referral for your visit or procedure and forward a copy of this referral to our office prior to your visit or procedure.

All patients are expected to pay at the time of service. We accept check, money order, Master Card, Visa, American Express and Discover. Self-pay patients are required to pay in full at the time of service. If your insurance plan requires a copayment, it is payable at the time of service. If you present without the copayment, we reserve the right to bill you a \$15.00 administration fee. If for any reason a payment is dishonored by your bank, there will be a \$40.00 service fee added to your bill and you will be required to pay by cash, certified check, money order or credit card for all future services.

We are participating providers for many insurance plans. However, we encourage you to use your out-of-network benefits for all other carriers. You will be required to show your insurance card and driver's license at the time of service. If you do not have your insurance information or we are unable to verify your coverage, you will be required to pay for the services rendered to you that day. If your insurance coverage terminates or changes, you are responsible for notifying us of this change immediately so that we can assist you in receiving your maximum reimbursement. In the event that your insurance carrier issues payment directly to you, it is your responsibility to forward that payment along with the explanation of benefits for appropriate posting of the payment to Premier Pain Centers.

There may be times when your physician is out of the office and you are required to see a physician who is not in your network. In these instances, we will work with your insurance plan to obtain in-network benefits to minimize your out-of-pocket costs.

Filing a secondary claim is a courtesy to the patient. We will only submit to your secondary carrier if they have electronic submission capability. If no response is received, the balance will be your responsibility. If we receive payment from you and your secondary carrier, a refund of the overpayment will be made to you. We

will not file tertiary insurance claims, but will provide a claim to you upon request. You are responsible for all tertiary balances.

If you fail to meet your financial obligations in a timely manner, we reserve the right to discontinue care and refer your account to a collection agency. You are responsible for any interest, agency and legal fees associated with collections.

We do accept Workers Compensation and Personal Injury Cases. We will only file these claims with your regular insurance if a written denial from the workers compensation or personal injury carrier is received. We accept liens on an individual basis only for services provided by our office. All necessary legal contact information must be provided in advance of your service to allow us time to process the necessary lien paperwork.

## Disability Forms, Reports, Etc.

Requests for completion of disability forms, reports or other paperwork will require a minimum fee of \$15.00, paid in advance, related to the amount of the preparation involved. If you have not seen your physician recently, you may be required to see your physician before the form can be completed. Please allow five business days for completion.

## **Appointments**

Please be sure to provide a telephone number where you may be reached. If you have voice mail on your contact telephone number, our staff will leave a message including the time, date and location of your appointment. You can also check our Patient Portal online for all your appointment information.

We require 24 hours' notice if you intend to cancel your appointment. Should you cancel, reschedule or no-show for an appointment, we reserve the right to charge a no-show fee of \$50.00.

If you are scheduled for a procedure at any office and cancel without a 24 hour notice to our office, a cancellation fee of \$50.00 may be billed to you directly. Missed appointments for procedures at surgery centers (including taking of medications and lack of transportation) may be billed in the amount of \$100.00.

If you are late for your appointment, we reserve the right to reschedule your appointment or see you as the schedule permits. If you are a new patient and do not complete your forms in advance, you are required to be at the office at least 45 minutes in advance of your appointment to complete the necessary forms. **Failure to do so may result in the rescheduling of your new patient visit.** 

# **HIPPA Privacy**

By signing this form, you acknowledge receipt of the Notice of Privacy Practices of the Offices of Premier Pain Centers. This policy explains your rights including your right to see and receive a copy of your records, to limit disclosure of your protected health information and to request an amendment to your record. You may revoke, in writing, any consent for release of your healthcare information except to the extent the Practice has already made disclosures with your prior consent. Because of the privacy regulations, we are not at liberty to discuss your treatment with anyone unless you specifically designate your permission to do so. If you wish to allow access to your protected health information to any individual, ask our receptionist for an Access to Medical Records form. By signing this release, you allow us to discuss your care with the specified individual(s). If a family member has concerns about your care, we may not discuss these concerns without your written permission. Our Notice of Privacy Practices provides information on your rights and is available

on our website. We encourage you to read it in full. If you have any questions regarding our notice and if we change our notice, you may obtain a copy of the revised notice by contacting us at 732-380-0200 or visiting our website at www.premierpain.com.

## **Authorization to Release Information and Assignment of Benefits**

I hereby assign all medical and/or surgical benefits to which I am entitled, including Medicare, Blue Shield, HMO's and commercial insurance to Premier Pain Centers and to Specialty Anesthesia if anesthesia is administered for procedures at a surgery center. I understand that I am fully responsible for all charges whether or not they are covered by said insurance. I hereby authorize assignee to release any information necessary to secure payment on my behalf.

## **Medication Policy**

It is important to your health that you follow the directions carefully on all medications that we prescribe. In addition, we must be informed of all other medications, prescription, over-the-counter and supplements that you are taking. We will not refill controlled medications in advance of their refill date, nor will we mail prescriptions. They must be given in person to you at the time of your appointment. If there is an unavoidable reason that you cannot make an appointment, we require a 3-day notice for a medication refill. Patients receiving chronic medication management will be required to sign a separate medication contract.

## **Psychological Evaluations**

Because of the nature of our treatment, there may be occasions when the physician determines that a psychological evaluation is necessary. For example, many healthcare plans require evaluations prior to intrathecal pump or dorsal column stimulator placements. We reserve the right to discontinue care if you fail to obtain an evaluation as requested.

#### Staff

We require our staff to address our patients with professionalism and we ask our patients to do the same. If, at any time, our staff feels that your tone or language is offensive or abusive, we expect them to terminate the conversation immediately and notify their immediate supervisor or practice administrator. We will document your record, and depending on the severity of the situation, you may be discharged from the practice.

We are committed to providing the best possible treatment and ask your cooperation in following our policies.

I READ AND UNDERSTAND THE ABOVE POLICIES AND AGREE TO ABIDE BY THEM. I FURTHER UNDERSTAND THAT FAILURE TO DO SO MAY RESULT IN MY DISCHARGE FROM THE PRACTICE.
